

Maintenance Records from the Pilot's Perspective

Please come to this exciting interactive presentation in which our guest speaker, Craig Johnston will discuss proper record keeping. We will be discussing questions such as: Who is responsible for maintenance records? Why are good maintenance records important? What must be included in a maintenance record? How should owner-performed preventive maintenance be recorded? Please register on-line for this "WING's" event and come early to grab a cup of coffee and a bagel.

Directions: If flying in, park on the main ramp. If driving in, park in the main parking lot. Then walk to the large Sky Manor Air Repair hangar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
